PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building and optimizing web applications using the MERN stack (MongoDB, Express.js, React.js, and Node.js). Experienced in developing WebOS-based TV applications, integrating REST APIs, and creating responsive user interfaces using React.js, Next.js, Typescript, Tailwind CSS, and React Query. Skilled in frontend and backend development, performance optimization, debugging, testing, and modern development workflows. Familiar with FastAPI, AWS S3, CloudFront, and CI/CD practices. Passionate about building scalable applications and continuously improving technical expertise.

EXPERIENCE

Feb 2026 – Present Full Stack Developer Intern at Evnevo Tech. Pvt. Ltd.

- Contributed to the development and maintenance of WebOS-based Smart TV applications using React.js, Next.js, TypeScript, and Tailwind CSS.
- Developed and enhanced responsive user interface components with a focus on improving user experience and application performance.
- Integrated REST APIs with frontend applications to ensure efficient data flow and dynamic content rendering.
- Collaborated with developers and QA teams to identify, troubleshoot, and resolve application issues, improving application stability and reliability.
- Utilized React Query for efficient server-state management and API data handling.
- Participated in testing, debugging, code reviews, and deployment workflows while following modern development practices.
- Gained exposure to CI/CD processes and developed a strong understanding of WebOS TV application architecture and development workflows.
- Explored backend development concepts using FastAPI, strengthening overall full-stack development skills.
- Worked with modern technologies including the MERN stack, Next.js, TypeScript, Tailwind CSS, React Query, and FastAPI.

Aug 2025 – Jan 2026 Training and Internship at ThinkNext Private Limited

- Developed full-stack web applications using MongoDB, Express.js, React.js, and Node.js.
- Built RESTful APIs and integrated frontend applications with backend services.
- Implemented authentication and authorization using JWT and bcrypt.
- Developed real-time features using Socket.io for instant communication.
- Worked with MongoDB schema design, querying, and database management.
- Integrated third-party services including payment gateway solutions.

EDUCATION

Jan 2026 – Present Master of Computer Applications, Manipal University Jaipur.

Sept 2022- Aug 2025 Bachelor's of Computer Applications, Sardar Patel University Mandi.

CGPA: 7.58/10

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3, C, C++
- **Frontend:** React.js, Next.js, Tailwind CSS, Bootstrap, React Query
- **Backend:** Node.js, Express.js
- **Databases:** MongoDB, SQL
- **Tools & Platforms:** Git, GitHub, Vercel, Render, npm, Postman, Thunder Client, VS Code, AWS S3 and CloudFront.

PROJECTS

E-Commerce Website (MERN)

Live Demo: <https://e-shopping-in.onrender.com>

- Developed a full-stack e-commerce platform using MongoDB, Express.js, React.js, and Node.js.
- Implemented user authentication, product management, shopping cart, and order processing features.
- Built advanced product search and filtering functionality to enhance user experience.
- Designed REST APIs and integrated MongoDB for efficient data management.
- Developed responsive user interfaces optimized for desktop and mobile devices.

NexoChat – Real-Time Chat Application

- Built a real-time messaging platform using React.js, Node.js, Express.js, MongoDB, and Socket.io.
- Implemented secure authentication and authorization using JWT and bcrypt.
- Developed image sharing, typing indicators, and protected routes.
- Utilized Zustand for state management and application scalability.
- Designed REST APIs with validation and error handling.
