## PROFESSIONAL SUMMARY

Final-year B.Tech CSE student specializing in Full Stack Development with strong problem-solving skills (200+ LeetCode problems). Experienced in building scalable RESTful applications using React and Node.js with secure authentication and optimized database queries.

## TECHNICAL SKILLS

**Languages:** JavaScript, TypeScript, C++, SQL

**Frontend:** React.js, HTML, CSS, Tailwind CSS

**Backend:** Node.js, Express.js

**Database:** MongoDB, MySQL

**Tools:** Git, GitHub, Postman, VS Code

**Core Concepts:** Data Structures & Algorithms, OOP, DBMS, OS, Computer Networks

## PROJECTS

### 1. Full-Stack E-Commerce Platform

Tech Stack: React, Node.js, Express, MongoDB, JWT

- Designed and developed a scalable full-stack e-commerce application with secure authentication and role-based access control.
- Implemented JWT-based login/signup system with protected routes and token expiration handling.
- Built RESTful APIs for product management, cart operations, and order processing following MVC architecture.
- Optimized MongoDB queries using indexing and server-side pagination to efficiently handle large product datasets.
- Structured backend with middleware-based error handling and request validation for robust API performance.

### 2. Smart Healthcare Appointment System

Tech Stack: React, Node.js, Express, MongoDB

- Developed a role-based healthcare management system supporting Admin, Doctor, and Patient dashboards.
- Implemented secure authentication using JWT and bcrypt hashing with protected API routes.
- Designed appointment booking logic with schedule conflict detection and validation checks.
- Created RESTful APIs for appointment management, doctor availability tracking, and medical history records.
- Implemented centralized error handling middleware and structured backend using MVC pattern.
- Integrated real-time appointment notifications and status updates.
- Ensured data integrity and optimized database queries for efficient appointment retrieval.

## EDUCATION

B.Tech in Computer Science and Engineering  
UIET, Kurukshetra University

(2023 – 2026)

CGPA: 7.3

Diploma in Computer Science and Engineering  
Govt. Polytechnic College

(2020 – 2023)

CGPA: 8.1

## CODING PROFILE / ACHIEVEMENTS

- Solved 200+ problems on LeetCode (Arrays, Sliding Window, Recursion, Trees, Hashing)
- Regularly practice problem-solving and competitive programming
- Participated in college-level coding competitions
